Requests for Repeat Medication

If you take medication on a long term basis you can request a repeat prescription in writing or by handing in your repeat slip in at reception. Unfortunately, we cannot accept requests for medication over the telephone. Please allow 48 hours for your prescription to be ready for collection.

If you require somebody else to collect your prescription you must ensure that you have let the surgery know that you give consent for a third party to collect prescription/s and the name of the person. Consent forms are available on request.

Medication Reviews:

Patients on repeat medication will be asked to see a doctor or nurse practitioner at least once a year to review these regular medications and notification should appear on your repeat slip. Please ensure that you book an appropriate appointment to avoid unnecessary delays to further prescriptions.

Online requests for repeat medication

Please note you will need a username and password to access this service, this cannot be done on line. This is so we can verify that the log in details are been given to the correct person and relate to the correct patient record. Once you are registered you can follow the link below.
